Strokov A.P. Donation of GSKBD into the diesels development

/ A.P. Strokov // Internal combustion engines. –

2011. – 1. – P.60-63.

It was mentioned a deep donation of GSKBD into the diesels development in USSR and Ukraine.

The history of establishment and works which took place at the enterprise

related to engineering for agriculture new highly efficient

engines are also regarded. A great services the personal from

GSKBD into the motor engineering development are also

rendered. These services were deserted by the government.
