Skotareno E.A. Public company Avtramat – the art of  
making pistons / E.A. Skotareno // Internal combustion  
engines. – 2011. – № 1. – P.80-83.

It is considered the history of establishment which  
was started on 15<sup>th</sup> of June 1930 when on the base of auto  
repair boxes in Kharkov the Porshen plant was started (Avtramat  
public company now). Public company Avtramat is  
the only specialized enterprise in Ukraine and CIS countries  
which has the full piston's production cycle from design and  
tools engineering and preproduction to testing and serial  
production. At present enterprise specialized in pistons production  
with any design for different internal combustion  
engines including technological changes. II. 5.
