

PROCEEDINGS REPRESENTATION

Participation is free.

To be able to participate in the conference, please send until 20 March 2017 the following documents to the address of the section:

1. Conference Application Form;
2. Conference abstracts signed by the Authors;
3. A copy of the payment order (ordering the Collection of Conference Abstracts or the Conference Programme).

The cost of the Collection of the Conference Abstracts is 130 hrn.

The cost of the Conference Programme is – 40 hrn.

All travel costs and living expenses the participants of the conference cover by themselves.

Receipt of the Conference Abstracts to the Organization Committee through E-mail should be verified by calling section secretaries.

Contact telephone numbers and addresses of the section secretaries are on the conference web-site:
<http://science.kpi.kharkov.ua>

Payment details:

PO «Alumni Association of NTU «KhPI»»

2, Kirpichova st., Kharkiv, 61002, Ukraine

S.A. 26008000074734 in PJSC «UkrSotsbank»,

MFO 300023, Code 26450114

Payment purpose: Publication of conference materials, specify the section number.

CONFERENCE APPLICATION FORM

Last name: _____

First name: _____

Patronymic: _____

Institution: _____

Position: _____

Academic degree, academic rank: _____

Postal address: _____

Tel.: _____

Fax: _____

E-mail: _____

Section number _____

Report title _____

Signature _____

PUBLICATION

Materials of the Conference will be published in the Collection of the Conference Abstracts. The text submitted should not be longer than 1 page of A4 format including figures, in MS Word (soft copy or emailed to the secretary of the section). E-mails of the section secretaries are on the conference web-site.

The title of the file must correspond to the last name of the first author.

The conference abstracts are prepared according to the following requirements:

- Times New Roman font, size 14; margins: left, right, top, bottom – 2 cm; single line spacing;
- the first line – the Title of the Report in capital letters, center alignment, bold font;
- the second line – align center: surnames and initials of the authors of the reports indicated in bold;
- the third line – align center: full title of the institution and city, in italics (boldface font).

Figures inserted into the text must not be larger than 12X9 cm, using formats: bmp, tif, jpg. The font size under a figure - 14 ppt. Figures in Word must necessarily be arranged into groups.

References to the literature are to be prepared in accordance with the requirements specified in the Bulletin of Higher Attestation Commission of Ukraine № 5, 2009.

Sample of the conference report article:

THE STUDY OF IMPURITIES INFLUENCE ...

O.N. Ivanov, V.O. Sidorov
*National Technical University
«Kharkiv polytechnic institute»,
Kharkiv*

The paper considers the issues of ...

At the request of the authors and recommendations of Organizing Committee reports may be published in scientific professional collected book “Bulletin of NTU “KhPI””, in technical and economic sciences. For the recommendations on materials for printing see <http://vestnik.kpi.kharkov.ua>.

Volume: 8-10 pages.

**XXV International Scientific - Practical
Conference**

**«INFORMATION TECHNOLOGIES:
SCIENCE, ENGINEERING,
TECHNOLOGY, EDUCATION, HEALTH»
(MicroCAD-2017)**

17-19 May 2017

Kharkiv

DEAR COLLEAGUES!

We are pleased to invite you to participate in the
**XXV International Scientific - Practical
Conference**

«**INFORMATION TECHNOLOGIES: SCIENCE,
ENGINEERING, TECHNOLOGY, EDUCATION,
HEALTH**»
(MICROCAD-2017),

which will be held on the 17 - 19 May 2017 in Kharkiv.

The conference will take place in the National
Technical University «Kharkiv polytechnic institute».

Arrival of participants - 16 May, Tuesday
Registration - 17 May, Wednesday, from 9-30
Plenary meeting - 17 May, Wednesday, from 10-00
Sections work - 17 May, Wednesday, from 14-30
- 18 May, Thursday, from 10-00
- 19 May, Friday, from 10-00
Departure of participants - 19 May, Friday

Address of the conference organizing committee:

SECTORS OF THE CONFERENCE WORK

Section 1. Information and control systems
Section 2. Mathematic simulation in mechanics and control systems
Section 3. Technology and computer-aided designing in machine-building
Section 4. Fundamental and applied problems in transport engineering
Section 5. Modeling of the working processes in heat engineering and power equipment and energy-saving problems
Section 6. New materials, computer graphics, and modern technologies of metal working
Section 7. Computer technologies in physical and technical research
Section 8. Microprocessor technique in automatics and instrument engineering
Section 9. Electromechanical and electric transformation of energy
Section 10. Modern information and energy-saving technologies in power engineering
Section 11. Polyvariant problems solving in chemical technology
Section 12. Improvement of the technology of organic substances, processing of fossil fuels and foodstuffs
Section 13. Integrated chemical technologies in chemistry engineering and ecology
Section 14. Modern technologies in education
Section 15. Application of computer technologies for

solving research and social problems in medicine and biology

Section 16. Modern technologies in economics and management
Section 17. Near-earth space. Radiophysics and Ionosphere
Section 18. New technologies for environmental protection and recycling of wastes
Section 19. Current problems of the humanities
Section 20. Social systems management and staff training
Section 21. Information science and modeling
Section 22. Electromagnetic durability
Section 23. Management, investment & innovation processes in industry and national economy
Section 24. Actual problems of information-oriented society development in Ukraine
Section 25. Insurance fund of documentation: current problems and methods of information processing and storing
Section 26. Mathematical models and information technology in economy
Section 27. Computer monitoring and Logistics
Section 28. International technical education: Tendencies and Development
