

DIRECTIONS OF TRAINING:

- 26 «Civil security»

SPECIALTY:

- 263 – «Civil security»

SPECIALTY:

- Protection of Labor

- **YOU CAN OPERATE IN UKRAINE AND ABROAD:**

- Master of Civil Safety in Labor Protection;
- engineer Labor Protection;
- Expert on working conditions;
- Engineer in industrial and environmental safety;
- Preventive work engineer

TRAINING COURSES:

- Safety of vital activity;
- Fundamentals of Occupational Safety and Health;
- Fundamentals of labor protection;
- Labor protection in the industry;
- Fundamentals of Ecology
- Civil protection

SPECIALS (SPECIALIZATION - LABOR PROTECTION)

- Introduction to the specialty
- Theory of risks
- Safe operation of engineering systems and structures
- Safety of buildings and structures
- Examination of labor protection
- Labor protection management
- Work and safety psychology
- Legal basis of labor protection policy and labor protection

SPECIALS (SPECIALIZATION - LABOR PROTECTION)

- Numerical methods of analysis of labor protection
- Industrial ecology
- Emergency medicine
- Safety of production processes and equipment
- Electrical safety
- Basics of engineering training
- State insurance against accidents at work
- Industrial sanitation
- Human physiology

CORRESPONDENCE LEARNING:

- Safety of vital activity
- Fundamentals of labor protection
- Labor protection in the industry
- Fundamentals of Ecology
- Civil protection

DISTANCE COURSES OF THE CHAIR:

- Civil protection
- Fundamentals of Ecology
- Safety of vital activity
- Labor protection

LABORATORY BASE OF THE CHAIR

Educational-laboratory base of the department is specialized laboratories, auditoriums. Laboratories are equipped with technical training aids, operating installations and instruments, mock-ups, mobile multimedia complex and personal computers, in full measure provides the educational process.

PROFESSOR-TEACHING COMPOSITION OF THE CHAIR:

The staff of the department employs more than 30 teachers, including professors, associate professors and candidates of science. The average age of teachers of the department does not exceed 40 years.

HEAD OF CHAIR

Viacheslav Berezutskyi

Doctor of technical sciences,
professor, head of the chair

"Labor&Environment Protection"
