ACADEMIC TRANSCRIPT

First name: **Ihor**

Last name: **Hryhorenko**

Date of birth: 15/10/1972

Field of study: International internship

Specialization: Improving professional training by deepening and expanding professional knowledge, skills and abilities in the use of modern information and measurement technologies in the process of training specialists in the specialty G6 Information and measurement technologies.

Course Number	Course Title	Hours	ECTS Credits
Module 1	Familiarization with the specialties, educational programs of Sofia Technical University and their application in the conditions of the Bulgarian job market, demand on the labor market, employment of graduates	30 hours	1
Module 2	Review of measuring equipment of laboratories of the Department of Information and Measuring Technology. Analysis of curricula, textbooks, methodological guidelines, reference and normative literature for the educational process.	30 hours	1
Module 3	Areas of scientific research of department staff, scientific works and grants.	30 hours	1
Module 4	Information and communication technologies used when conducting online lectures, practical classes and laboratory work by the teachers of the department.	30 hours	1
Module 5	Participation in the on-line scientific and technical seminar of the department of Electrical measurement systems: «Modern information and measuring technologies». Presentation on the topic: «Method of monitoring the functioning of information-measuring systems of various purposes during operation».	30 hours	1
Module 6	The practice of ensuring the quality of the educational process at the Sofia Technical University.	30 hours	1
Total course time: 180 HOURS (6 ECTS)

CERTIFICATE OF PARTICIPATION

This is to certify that

Larysa Sheina

(ID 57723206-315)

successfully completed the course

"German for beginners - Level A2"

in Spring Semester 2024/2025

and is awarded **2 ECTS** with an overall grade of 100 (A).

The participation included weekly assignments.

This course has been offered by University of Greifswald and Odessa State Environmental University in the context of the project OPENSPACES - Offering non-Proprietary Education for aNalysing SPAtial data in Computer and Environmental Sciences.

<https://phil.uni-greifswald.de/ifzo/openspaces/>

Background: ESA

Prof. Dr. Sebastian van der Linden
Institute for Geography and Geology
University of Greifswald

Dr. Iryna Buchynska
Faculty of Mathematics, Physics and
Information Technology
Odesa Mechnikov National University

Larysa Sheina

**has been awarded two (2) credits according to the
European Credit Transfer and Accumulation System
(ECTS) with an overall grade of 100 (A)**

**has successfully participated in the course and have competency in basics of
German language.**

Teacher: Oskar Ters

Upon successful completion of the course student has learning outcomes:

- Use of the past perfect and preterite tenses in German,
- Description and articulation of wishes using the subjunctive II,
- Use of verbs with fixed prepositions,
- General knowledge of everyday life in Germany and reacting to corresponding phrases.

Furthermore, the participant has studied the following conventions of academic practice and practised the following language structures:

- Correct pronunciation in German,
- Forming questions and answers,
- Understanding German sentence structure in subordinate clauses.

The course took place in a blended learning format with video conferences. The course is at the A2 level according to the Common European Framework of Reference (CEFR). Regular and active participation.

CERTIFICATE SUPPLEMENT

Nº SU 1188

is presented to
Iegorova Olga

for the successful completion of the international internship programme
for qualification improvement on the subject

**“Application of open data in scientific
developments: methods and practical
recommendations”**

Scientific area of the course:

Теплоенергетика

under the aegis of Baltic International Academy

Programme of professional development course	
Course topic	Application of open data in scientific developments: methods and practical recommendations
Scientific area of the course	Теплоенергетика
Course duration	180 hours
ECTS	6
Total load	60 hours of online learning, 120 hours of self-education
Course competition document	CERTIFICATE
International internship period	15.07.2024-25.08.2024
Partner university	Baltic International Academy

The purpose of the programme is to familiarise the participants in detail with the procedure for publishing articles in journals indexed in the international databases Scopus/Web of Science, as well as the possibility of improving professional competencies, international cooperation and personal rating of a researcher through international publications.

General and professional competence
Increasing the awareness concerning scientific publications in international journals
Learning skills to work with the Scopus database
Learning skills to work with the Web of Science database
Improving skills to search for publications and author profiles in international databases
Learning skills to work with citations in international databases
Improving skills of unassisted selection of international journals for publication
The ability to distinguish a high-quality scientific journal from a predatory one
Getting an understanding of all stages of the publication process in rating publications
Obtaining knowledge on the layout of scientific articles per international requirements
Learning skills to track excluded journals from the Scopus database
Gaining knowledge about the formation of a researcher's personal image
Learning networking skills
Obtaining knowledge on international programmes for the researcher's advanced training
Improving public speaking and presentation skills
Improving analytical skills
Improving communication competencies
Improving creativity skills

Curriculum		
Course name	Audit	Non-Audit
Module 1. The importance of international publications in the researcher's work		
Publications in international databases as key to researcher's career growth and professional development	4	
Types of international databases and their fundamental differences	3	
Requirements for obtaining academic titles and degrees in Ukraine	2	
Scopus database. Guidelines for a researcher	4	
Self-directed learning		20
How can a researcher find their publications in the Scopus database	2	
Web of Science database. Key indicators	3	
The Hirsch index as an indicator of the researcher's success	3	
Self-directed learning		20

Module 2. The main difficulties in the publication process and solutions for them		
The main problems with unassisted publishing	4	
Requirements for articles published in international journals	2	
How to structure a scientific article correctly	2	
How to choose the appropriate scientific journal for publication	3	
Self-directed learning		20
Predatory journals and how to recognise them	3	
Exclusion of journals from the Scopus database, monitoring systems, and how to protect yourself from publishing in low-quality journals	3	
The main reasons for delays in the publication process	2	
Peer review in journals as one of the most difficult publication stages	3	
Self-directed learning		20

Володимир Кучинський,

доктор економічних наук, доцент,

завідувач кафедри економіки бізнесу і міжнародних економічних відносин

Національного технічного університету «Харківський політехнічний інститут»

у період з 5 травня по 15 червня 2025 року пройшов науково-педагогічне стажування на тему:

«Інноваційні освітні технології: європейський досвід

та його впровадження в підготовку фахівців з економіки та управління»

за спеціальністю С1 «Економіка та міжнародні економічні відносини (за спеціалізаціями)»

в обсязі 6 кредитів ECTS (180 годин)

Volodymyr Kuchynskyi,

Doctor of Economic Sciences, Docent,

Head of the Department of Business Economics and International Economic Relations

National Technical University «Kharkiv Polytechnic Institute»

in the period from May 5 to June 15, 2025, completed a scientific and pedagogical internship on the topic:

«Innovative Educational Technologies: European Experience

and its Implementation in the Training of Specialists in Economics and Management»

majoring in C1 «Economics and International Economic Relations (by specialisation)»

in the amount of 6 ECTS credits (180 hours)

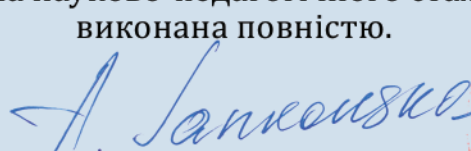

Протягом проходження стажування
виконано такі види робіт:

Форма роботи	Навчальне навантаження
Віртуальна екскурсія через офіційний інформаційний портал Міністерства	20 год
Ознайомлення зі спектром профільних спеціальностей в галузі економіки та управління, дистанційною системою роботи	60 год
Вивчення нормативної бази, що регулює підготовку кадрів в системі вищої освіти Латвії	20 год
Підготовка тез науково-методичної доповіді за обраною проблематикою (профілем роботи здобувача)	40 год
Індивідуальна робота	40 год
Разом	180 год

During the internship the following types
of works were carried out:

Type of work	Workload
Virtual tour through the official information portal of the Ministry	20 hours
Acquaintance with the range of specialities in the field of economics and management, distance learning system	60 hours
Studying the regulatory framework governing training in the Latvian higher education system	20 hours
Preparation of abstracts of a scientific and methodological report on the selected topic (applicant's work speciality)	40 hours
Individual work with educational and methodological materials	40 hours

Nº SU 1187

is presented to
Mykola Kundenko

for the successful completion of the international internship programme
for qualification improvement on the subject

**“Application of open data in scientific
developments: methods and practical
recommendations”**

Scientific area of the course:

Теплоенергетика

under the aegis of Baltic International Academy

Programme of professional development course	
Course topic	Application of open data in scientific developments: methods and practical recommendations
Scientific area of the course	Теплоенергетика
Course duration	180 hours
ECTS	6
Total load	60 hours of online learning, 120 hours of self-education
Course competition document	CERTIFICATE
International internship period	15.07.2024-25.08.2024
Partner university	Baltic International Academy

The purpose of the programme is to familiarise the participants in detail with the procedure for publishing articles in journals indexed in the international databases Scopus/Web of Science, as well as the possibility of improving professional competencies, international cooperation and personal rating of a researcher through international publications.

General and professional competence
Increasing the awareness concerning scientific publications in international journals
Learning skills to work with the Scopus database
Learning skills to work with the Web of Science database
Improving skills to search for publications and author profiles in international databases
Learning skills to work with citations in international databases
Improving skills of unassisted selection of international journals for publication
The ability to distinguish a high-quality scientific journal from a predatory one
Getting an understanding of all stages of the publication process in rating publications
Obtaining knowledge on the layout of scientific articles per international requirements
Learning skills to track excluded journals from the Scopus database
Gaining knowledge about the formation of a researcher's personal image
Learning networking skills
Obtaining knowledge on international programmes for the researcher's advanced training
Improving public speaking and presentation skills
Improving analytical skills
Improving communication competencies
Improving creativity skills

Curriculum		
Course name	Audit	Non-Audit
Module 1. The importance of international publications in the researcher's work		
Publications in international databases as key to researcher's career growth and professional development	4	
Types of international databases and their fundamental differences	3	
Requirements for obtaining academic titles and degrees in Ukraine	2	
Scopus database. Guidelines for a researcher	4	
Self-directed learning		20
How can a researcher find their publications in the Scopus database	2	
Web of Science database. Key indicators	3	
The Hirsch index as an indicator of the researcher's success	3	
Self-directed learning		20

Module 2. The main difficulties in the publication process and solutions for them		
The main problems with unassisted publishing	4	
Requirements for articles published in international journals	2	
How to structure a scientific article correctly	2	
How to choose the appropriate scientific journal for publication	3	
Self-directed learning		20
Predatory journals and how to recognise them	3	
Exclusion of journals from the Scopus database, monitoring systems, and how to protect yourself from publishing in low-quality journals	3	
The main reasons for delays in the publication process	2	
Peer review in journals as one of the most difficult publication stages	3	
Self-directed learning		20

Ольга Савченко,

кандидат економічних наук, доцент,

професор кафедри економіки бізнесу та міжнародних економічних відносин

Національного технічного університету «Харківський політехнічний інститут»

у період з 3 лютого по 16 березня 2025 року пройшла науково-педагогічне стажування на тему:

«Інноваційні освітні технології: європейський досвід

та його впровадження в підготовку фахівців з економіки та управління»

*за спеціальністю С1 «Економіка та міжнародні економічні відносини (за спеціалізаціями)» (051 «Економіка»,
292 «Міжнародні економічні відносини») в обсязі 6 кредитів ECTS (180 годин)*

Olga Savchenko,

Candidate of Economic Sciences, Docent,

Professor at the Department of Business Economics and International Economic Relations

National Technical University «Kharkiv Polytechnic Institute»

in the period from February 3 to March 16, 2025, completed a scientific and pedagogical internship on the topic:

«Innovative Educational Technologies: European Experience

and its Implementation in the Training of Specialists in Economics and Management»

*majoring in C1 «Economics and International Economic Relations (by specialisation)» (051 «Economics»,
292 «International Economic Relations») in the amount of 6 ECTS credits (180 hours)*

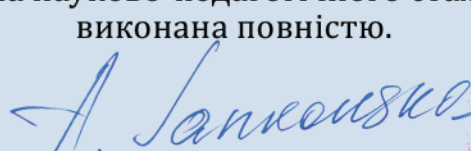

Протягом проходження стажування
виконано такі види робіт:

Форма роботи	Навчальне навантаження
Віртуальна екскурсія через офіційний інформаційний портал Міністерства	20 год
Ознайомлення зі спектром профільних спеціальностей в галузі економіки та управління, дистанційною системою роботи	60 год
Вивчення нормативної бази, що регулює підготовку кадрів в системі вищої освіти Латвії	20 год
Підготовка тез науково-методичної доповіді за обраною проблематикою (профілем роботи здобувача)	40 год
Індивідуальна робота	40 год
Разом	180 год

During the internship the following types
of works were carried out:

Type of work	Workload
Virtual tour through the official information portal of the Ministry	20 hours
Acquaintance with the range of specialities in the field of economics and management, distance learning system	60 hours
Studying the regulatory framework governing training in the Latvian higher education system	20 hours
Preparation of abstracts of a scientific and methodological report on the selected topic (applicant's work speciality)	40 hours
Individual work with educational and methodological materials	40 hours
Jointly	180 hours

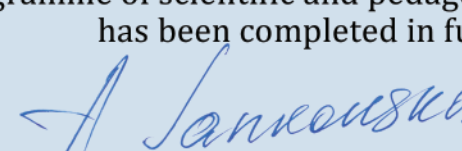

Програма науково-педагогічного стажування
виконана повністю.

ЦЕЙ СЕРТИФІКАТ ЗАСВІДЧУЄ, ЩО

Лариса Шеїна

успішно пройшла підвищення кваліфікації у період з 01.05.2024-01.06.2025 у межах міжнародного проекту **“Collaborative Leadership and Membership Engagement”** у партнерстві з A.S.Hornby Educational Trust (Велика Британія).

Форма навчання: дистанційна

Обсяг: 30 годин / 1 кредит ЄКТС

Місце надання послуг: paelt-ukraine.com

Мета підвищення кваліфікації: розвиток мовленнєвих, цифрових, комунікаційних та емоційно-етичних компетентностей науково-педагогічних працівників.

Модулі програми:

- Основи лідерства та комунікаційних навичок
- Менторство та коучинг у професійному розвитку
- Робота в команді та управління освітніми проектами
- Прийняття рішень та вирішення конфліктів

Програма включала 12 онлайн-вебінарів, самостійну роботу та навчання в тематичних дискусійних групах.
